

TRAVEL WEBSITES

There are so many places to look these days that a trawl through online can leave you needing an extra week away just to recover. Look instead to specially curated sites for design lovers that point you in the direction of country cool or urban zen. You'll see more examples on these pages in coming months, but just to whet your wanderlust appetite...

COOLSTAYS

Not as finely tuned to minimalist taste as some of our other choices, CoolStays makes our edit because it's divided up into clearly defined sections making it easy to find what you are actually looking for. coolstays.com

URLAUBSARCHITEKTUR

Look past the site's unwieldy name to discover designer destinations aplenty. There is also a UK edition and a recent re-design promises to "ensure a more flexible and intuitive user experience." Head for the 'Inspiration' section and choose your category from Lake Ahoy to City Life. urlaubsarchitektur.de

LIVING ARCHITECTURE

If you're in need of real modern architectural integrity, then this is the site for you. Living Architecture work with some of the world's top architects to create holiday homes with a difference and they do not disappoint. living-architecture.co.uk

3. SHANGRI-LA

If remote a beach house tops your wish list then Shangri-La in Norfolk ticks all the boxes. Effortlessly cool Scandi-inspired interiors have been cleverly thought-out to accommodate the whole family and days out at one of the best beaches in the UK are a few steps away. coolstays.com
